Offering a fresh perspective, innovative thinking, and hand-crafted solutions for all of your design needs.

## EDUCATION

**Parsons the New School for Design, New York, NY**

BFA in Communication Design ( May 2011 ), Graduated with Honors

## SKILLS

Adobe Creative Suite, Concept Development, Creative Direction, User Experience and Visual Design, In-Browser Prototyping, Responsive Strategy, Front-End Development, Project Management, Client Relations Management

## EXPERIENCE

### Blink Reaction

Interactive Designer ( August 2014 – Present )

I work on a range of projects, providing creative services including, responsive strategy, user experience, and visual design to enterprise clients. I also provide internal design services for brand collateral and marketing initiatives. I work directly with clients in regards to our creative services and provide assistance to project managers in relation to creative budgets and schedules.

### Association Headquarters

Project Coordinator, Web Services ( January 2013 – August 2014 )

I manage a range of projects, including large-scale Drupal build-outs with database integration. I participate in each phase of a project's life cycle and help to architect solutions through research analysis and the creation of user personas, user stories, and wireframes. I provide web strategy and manage client relations. I also assist in developing and improving departmental workflows and processes.

### Wire Media

Designer / Front-End Developer ( November 2009 – January 2013 )

I worked on a range of projects, including branding, print collateral, web, and front-end development for content management systems such as Drupal and Wordpress. I participated in concept development for a multitude of projects. I also assisted in managing projects and client relations.

### Self-Employed

Graphic / Web Designer ( September 2008 – December 2012 )

Have worked on a range of projects including branding, printed collateral, web design and development. Managed multiple projects at a time, set schedules, and budgets.
